

# St Gabriel's Nursery Gosforth

## Nursery News

March and April 2018

Another amazing open day! The theme of the day Maths (numbers) indoors and out.

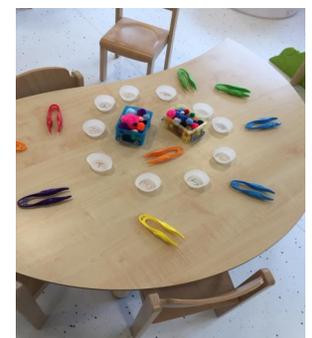

Thank you to everyone that came, we hope you had a lovely time.

Poppy Spring stay and play session. It was lovely seeing so many parents join us and participating in the wonderful activities we organised.

We planted our very own sunflowers, made beautiful rainbows with sponges, had fun gluing and sticking with a variety of collage resources. Everyone had an amazing time exploring the sensory trays and getting really messy.

They all had a super fish and chip tea together with a chocolate Easter nest for pudding. We would like to thank everyone who came, we loved having you with us and we hope you had fun.

We have had a super fun German week here at St Gabriel's. The children have been learning German words and numbers. Discovering different types of German food and learning all about this wonderful country through various exciting and interesting activities. 🇩🇪 ☺☺ haben Sie einen schönen Tag ☺

The Lily room had a fantastic time with their stay and play session. They celebrated St George's day! Everyone participated in various activities such as. Making flags with collage, using junk materials to make dragons, tea parties in the home corner and using our imaginations to create small world play adventures. We practiced our mark making skills by writing royal wedding invitations and had the most amazing high tea party with scones, raspberry jelly's, sandwiches and cakes. It was so much fun! A great big thanks to all the parents and children who came, we loved having you.

As our nursery grows as does the learning environment. Here are some fantastic displays that our children and staff have made recently.
